

URGENT REQUEST

FCM/CHEF Homeschool Rally
Tuesday January 28th
10:30 am-12:30 pm
State Capitol Rotunda Jefferson City

Please help us protect Missouri's homeschool statute from revisions that will entangle us with government schools and allow government oversight!

We need all families to come to the Capitol to show support for our Homeschool Statute which has served us well for the past three and a half decades.

Even if your children have graduated and don't have children of their own right now, please make certain that you stand in the gap for your children's children!

Representatives and Senators have stated that they will be watching to see how many families oppose altering Missouri's homeschool statute.

Hundreds of families have moved to Missouri because it is considered the best and safest state in which to homeschool, thanks to God's gracious mercy, David Klarich's diligent labor on our behalf, and FCM/CHEF's hard work to educate and protect you.

Please help us protect our inalienable right to educate our children as we deem best.

Call every homeschooler you know and get them to Jefferson City on Tuesday January 28th!

More details to follow.

Working Hard on your behalf for 33 years!
The Summers Family
