Nature Friend Monthly Magazine-Helping Families Explore the Wonders of God’s Creation

For Josiah’s birthday, we gave him a subscription to **Nature Friend** magazine, which is committed to upholding “the principles of the inspired Word of God, high Christian family standards, Divine Creation (no evolution), and practical Christian stewardship of God’s creation.” From its glossy covers to the beautiful photography, this magazine has something for every child, including picture searches, word searches, pictures and poems created by other children, wildlife questions and answers, wildlife drawing instructions, riddles, and experiments. Of course, most importantly are the articles that honor the magnificent Creator, as they reveal the marvels of His handiwork. To subscribe, call 540-867-0764 or visit www.naturefriendmagazine.com.
